

OMG&LOL

The bloom being off
purpling Texas sages in
Southwestern chicanery.

Ar-eee-ZONA! Say it like
a scoff. Their new "law"
whackamolies spicks, reading

them their place, & Sheriff Joe might
get indicted for racking some Anglo

enemies with bends of particulars
so dense they fight each other

to a draw--or drum.
And the beat goes on
in the dry heave.

Though not nearly done, Frank broils in Florida.
